

Central Elementary Title I Reading Newsletter

Tuesday, November 21, 2023

Dear Parents/Guardians of Title I Students:

This week was a short, but busy week! The students worked hard and I'm proud of them! I was also able to attend a Reading Conference on Monday at ISU and learned some fun new activities. I'm excited to implement those new activities with my Title 1 groups! 😊

Title I Reading Books:

I'm not sending any new practice books home today, but I definitely encourage students to continue to read at home (or listen to you read to them!) whenever possible! 😊

Amplify Reading:

Students are welcome to work on their Boost Reading program and/or the mCLASS Intervention App as well. They are both designed so that students can work at their own pace. They can locate the Boost Reading program by going to my Google Classroom page on their chrome book and then clicking on the Boost Reading link. The mCLASS Intervention App can be added to an iPhone or iPad. Log in codes and information can be found on the back of their red Title I folders.

As always, feel free to contact me with any questions or concerns you might have. You can reach me by calling the school, sending a Remind text or sending an email to msmith@sputnam.k12.in.us.

Sincerely,

Mrs. Smith

Title I Reading Teacher

**Have a Happy Thanksgiving
and a wonderful break! 😊*
